

Controlice®

Dear Parents

Lice can be a parent's worst nightmare! Even the mention of the word is enough to make any parent cringe!

You can relax, there is no need to fear because the **Controlice®** product range is here to turn you into the SuperMom your child needs to save them when a lice infestation strikes!

Controlice® SuperParents know when to **ATTACK** and **PROTECT** their children against headlice and the **Controlice®** range will assist you to do both!

Here are some quick facts from Controlice® to ensure that you are super clued up when it comes to these little villains:

- Lice are very common, anyone can get them.
- Having lice is not a sign of uncleanness or poor hygiene.
- Lice don't spread disease.
- Headlice are spread by head to head contact with someone who has lice and by sharing things that are in direct contact with a person's hair.
- Lice glue their eggs, called 'nits' onto the hair shaft near the scalp so they can't get brushed off.¹
